

## Ballyarnett DEA Community Support Team

Various local community/charity organisations have come together to provide a co-ordinated, central and community response to the Coronavirus pandemic. Groups aim to provide essential supplies to individuals/families who are vulnerable in our community and have no other form of support at this time (while resources are available) Below are some details and contact numbers for those groups. If you are in need of anything please get in touch with the relevant group.

Community Support Team 02871358787
